**Delivery of the skills requirements for Growing Mid Wales Growth area**

# Regional Employment and Skills Plan 2018

## Aspirational Objectives

To create a post-16 learning environment that meets the needs of industry and learners whilst supporting providers to deliver the changes necessary.

To enhance the development and delivery of Apprenticeship opportunities across the region to ensure that every person has an opportunity to gain new skills or re-skill regardless of their personal circumstances.

To increase the parity of esteem between different learning routes and ensuring that learners are given access to advice and guidance that is representative to this end.

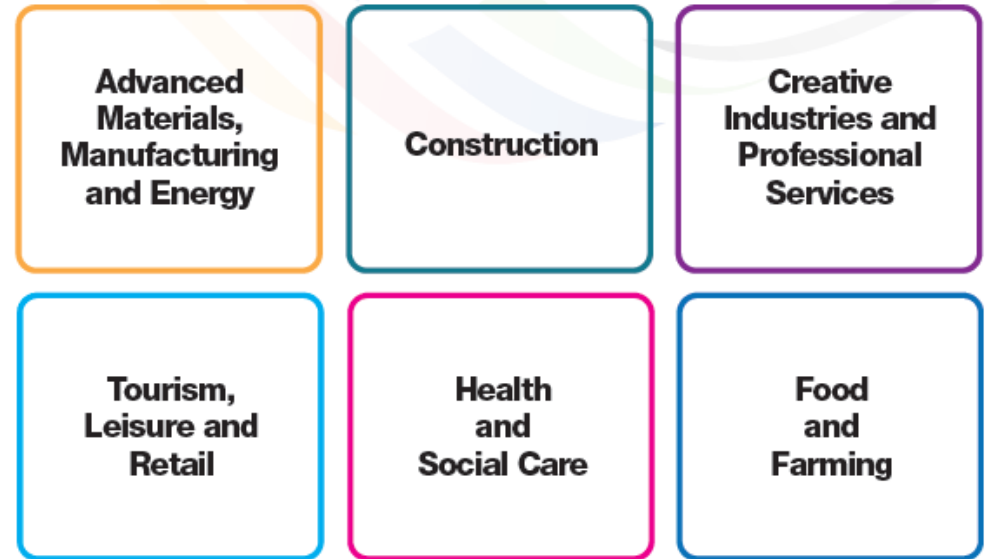

To be responsive as a region to changing circumstances in terms of skills needs to ensure that those living, working and operating within the region are able to fully capitalise on all opportunities.

To explore and when appropriate fully utilise all available delivery options for teaching and learning; including shared apprenticeship schemes, centres of excellence, modular learning and e-learning.

# How to get involved?

- Complete our online skills survey
- Attend Industry Cluster Groups
- Attend RLSP events
- Get in touch – tell us your views
- Spread the word

## Are you an employer in the following sectors?

## If the answer is YES

Then the RLSP wants you to sit on our industry cluster groups, to:

Influence Welsh  
Government  
spending on  
skills  
development in  
the region

Inform  
schools of  
future skills  
priorities

Influence  
curriculum  
content in  
FE/HE  
education

Influence  
career  
decisions of  
the future  
workforce in  
the region

# Thank you

Jane Lewis, RLSP Manager
